

Dear Parents and Caregivers,

Welcome back to another exciting year at St Peter's.

We would like to announce an exciting change regarding school communications to allow for more streamlined dissemination of information at St Peter's.

We have engaged with School Stream, a one-stop-shop for all school communication and notices including reminders, accessing the newsletter, class notices and weekly overviews, canteen ordering, student absentee, school calendar plus more.

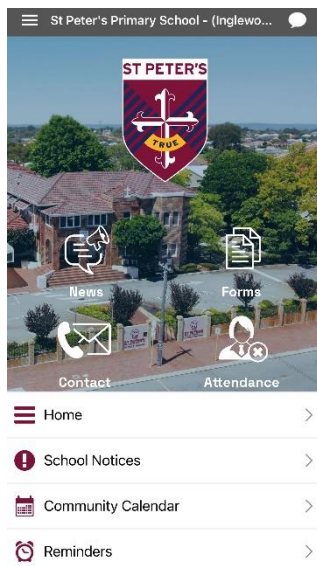

### What you'll need to do

1. First, you will need to download the School Stream App from the App Store/Google play store on your device
2. Login in using the mobile phone or email address you have provided the school

### Once you are logged in – The basics

Once logged in, you will be directed to the home screen where you will see a list of different channels.

### Channels
